DETAILED ACTION

Response to Amendment

1. Receipt of amendment filed by the applicant on November 23, 2004 is acknowledged and has been entered into the records.
2. Claims 1-13 are pending in the application. The applicant cancelled claims 14-20 without traverse in the letter filed on June 14, 2004.
3. The examiner has accepted applicant's amendments and arguments presented in the letter filed on November 23, 2004.

Allowable Subject Matter

4. Claims 1-13 are allowable.
5. Claim 1 is allowable because prior art does not disclose an apparatus to be used to illuminate an object having an essentially flat surface along a first dimension that extends along a first direction, the apparatus for providing light that is directed onto the flat surface in a direction that has at least some component in the first direction, the apparatus comprising a guidance member that intercepts and redirects the initial light rays such that redirected rays exit the guidance member along paths that form angles with the respect to the initial rays and which have a lateral component aligned with the first direction and so that the redirected rays subtend an illuminated portion of the flat surface, in combination with the rest of the limitations of claim 1 as presented by the applicant in the amendment letter received on November 23, 2004.
6. Claims 2-13 are allowable because they are dependent on claim 1 or an intermediate claim.

Art Unit: 2877

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
